[ModestNeeds.org](#) - Modest Needs exists to prevent otherwise financially self-sufficient individuals and families from entering the cycle of poverty, when this might be avoided with a small amount of well-timed financial assistance; to restore the financial self-sufficiency of individuals who are willing to work but are temporarily unable to do so because they do not have the means to remit payment for a work-related expense; to empower permanently disadvantaged individuals who otherwise live within their limited means to continue to live independently, despite a temporary, unexpected financial set-back; and to strengthen small non-profit organizations by providing a forum whereby such organizations can apply directly to the general public for the help they need to complete the relatively inexpensive projects that will allow them to better serve their clients and the communities they exist to serve.

[Weber Foundation of Helping Hands Inc](#) - A non-profit public charity founded in October 2000. The foundation provides direct financial assistance to individuals and families facing life-threatening illnesses or other catastrophic situations. Our goal is to help as many people as possible and not limit the Foundation to a particular cause or specific illness. We help those who have fallen through the cracks and have nowhere else to turn.
