**[Independent Living on the Autistic Spectrum](#)** - An online support group (newsgroups, mailing lists, etc) for people with Autism or related conditions, including but not limited to Asperger Syndrome. Members from all over the world come together here to make friends, support each other, and share practical experiences and tips relevant to independent living with our condition.

**[K12 Academics](#)** - Website devoted to providing resourceful information about autism including, but not limited to, terminology, characteristics, epidemiology, and therapies.

**[Kids Health](#)** - A website containing information on autism that is directed towards kids, teens, and parents who are looking for information stated in understandable terms.

**[LADDERS](#)** - In association with the Massachusetts General Hospital, Pediatric Services, LADDERS is a multidisciplinary clinic whose mission is to provide the highest quality clinical, social and support services to those diagnosed with autism, pervasive developmental disorders and other developmental disabilities.

**[Manitas por Autismo \(A Little Hand for Autism\)](#)** - ¡Te damos la más cordial bienvenida a nuestra Alianza Manitas por Autismo! Somos una organización sin fines de lucro que trabaja día a día para brindar información sobre el autismo. Esperamos que compartas con nosotros todas tus experiencias, dudas o preguntas. Diariamente se generan muchos artículos, novedades y mensajes repletos de información de interés. Déjanos saber qué tipo de apoyo en particular necesitas y haremos todo lo posible por ayudarte. ¡Bendiciones para ti y tu familia!

**[MASS Aging and Disability Information Locator \(MADIL\)](#)** - is designed to help find information on services and programs that support seniors and people with disabilities in Massachusetts.

**[MASS Federation for Children with Special Needs](#)** - The Federation is a center for parents and parent organizations to work together on behalf of children with special needs and their families.

**[MASS Network of Information Providers for People with Disabilities \(MNIP\)](#)** - Online resource for people with disabilities containing extensive information on providers who serve people with disabilities. Included are databases of programs and agencies, physicians, dentists, and consultants. There are also over 200 fact sheets dealing with disabling conditions, benefits available, and helpful advice about navigating the social service system in the state.

**[Massachusetts Yellow Pages for Kids](#)** - Find educational consultants, psychologists, educational diagnosticians, health care providers, academic therapists, tutors, speech language therapists, occupational therapists, coaches, advocates, and attorneys for children with disabilities on the Yellow Pages for Kids for your state. You will also find special education schools, learning centers, treatment programs, parent groups, respite care, community centers, grassroots organizations, and government programs for children with disabilities.

**[National Center on Secondary Education and Transition \(NCSET\)](#)** - The National Center on Secondary Education and Transition (NCSET) coordinates national resources, offers technical assistance, and disseminates information related to secondary education and transition for youth with disabilities in order to create opportunities for youth to achieve successful futures.

**[National Early Childhood Technical Assistance Center \(NECTAC\)](#)** - This organization supports the implementation of the early childhood provisions, birth through 5 years, of the Individuals with Disabilities Education Act ( [IDEA](#) ). Their mission is to ensure that all eligible young children with disabilities and other special needs and their families benefit from strong, high quality state and local service systems and supports that are culturally appropriate and family centered. Available in English and Spanish.

**[NICHCY - National Dissemination Center for Children with Disabilities](#)** - A center that provides information to the nation on disabilities in children and youth; programs and services for infants, children, and youth with disabilities; IDEA, the nation's special education law; No Child Left Behind, the nation's general education law; and research-based information on effective practices for children with disabilities.

**[Oasis - Aspergers](#)** - OASIS stands for Online Asperger Syndrome Information & Support. It is an information source for families of children diagnosed with Asperger Syndrome and related disorders, educators who teach children with AS, professionals working with individuals diagnosed with AS, and individuals with AS who are seeking support.

**[Pioneer Valley Nutritional Therapy](#)** – Located in Northampton, MA, Craig Fear, NTP, uses the GAPS Diet as a holistic approach to autism and learning disabilities.

**[Pioneer Valley Parenting Resource Directory](#)** - The goal of this guide is to help parents & families navigate through all of the different resources available throughout the Pioneer Valley.

**[Project Ride](#)** - Project RIDE (Recreation, Independence, Development, and Equipment) is a program of Jewish Family Service of Western Massachusetts. We provide special needs children with modified tricycles and information about adaptive sports programs in Western Massachusetts. Our emphasis is on the importance of recreational activities for special needs children and their families. This program is for

children 6 and older with special needs living in Western Massachusetts who would not normally have an opportunity to ride a bike. The child should be able to pedal and steer the tricycle independently. A letter of support from their Primary Care Physician is required for participation. For more information, please call Liane Kendall @ (413) 737-2601.

**[SPED Child and Teen](#)** – Provides a listing of disability camps, services and events in Greater Massachusetts.

**[Steve Chick, CFP, Financial Advisor](#)** - Specializes in planning for your future and the lifetime of a person with special needs. As a parent or guardian of a person with special needs, your knowledge can make a world of difference as you plan for the future of your loved ones. You don't have to go through this process alone. Special needs require special planning. I understand the challenges facing families like yours. Being prepared, setting goals for the future and understanding what it takes to achieve those goals are the stepping stones to a secure future for you and your family. I can help you identify your unique needs and goals, let you know where you are relative to where you want to be, and ultimately provide solutions to get you there. I am dedicated to working with you to identify your goals for yourself, your family and your loved one with special needs while educating you on your options for achieving a lifetime of financial security. Special needs require special planning.

**[Stride Adaptive Sports](#)** - STRIDE Adaptive Sports is a multidisciplinary, educational organization specializing in therapeutic recreation-related services for individuals with disabilities. Programs are cost-free for participants, and run on a volunteer basis. STRIDE contributes to each child's growth by offering the resources and opportunities that are often considered too costly for families to provide. STRIDE does not cater to any one type of disability.

**[Special Education Law and Advocacy - WrightsLaw](#)** - Parents, advocates, educators, and attorneys come to WrightsLaw for accurate, up-to-date information about special education law and advocacy for children with disabilities.

**[TalkAutism](#)** - An integrated group of communication technologies managed by experienced advocates. Our mission is to assist the autism community by being the one place to find many resources or speakers.

**[TEACCH - Chapel Hill](#)** - TEACCH stands for the Treatment and Education of Autistic and Related Communication Handicapped Children. The approach discussed on this site includes a focus on the person with autism and the development of a program around this person's skills, interests, and needs.

**[The Brain Development and Disorders Project at MIT](#)** - The project aims to merge the clinical strengths of the Developmental Medicine Center with the research strengths of the Department of Brain and Cognitive Sciences. The goal of the project is to use advanced research tools and methods to develop accurate diagnosis and treatment for children with developmental disabilities such as ASD and related developmental disorders. Specific projects include the study of vision, movement, language, touch and cognitive functions in children with ASD.

**[The Inclusion Series](#)** - The Inclusion Series is a unique resource for institutions and individuals. This award-winning series is widely used by educators, professionals and parents world wide. It is shown in

workshops, university classrooms, parent-teacher meetings, in-service training programs, resource centers, and other educational settings. These documentaries offer audiences examples of inclusion of people with disabilities in real-life situations and inspires all audiences.

**[The Spiral Foundation](#)** - A non-profit organization that was founded in 2002 with a mission to further the understanding of sensory processing disorder (SPD), formerly known as sensory integration dysfunction, through research and community education.

**[Unified Sports Program](#)** - The goal of USP is to teach sports to kids with disabilities alongside their friends. But USP actually has little to do with sports. It has EVERYTHING to do with teaching kids that having friends who are different than them is a great thing. We teach families with children who have disabilities that they should try and keep them involved with their friends as if the disability did not exist.

**[Whole Children](#)** - Whole Children offers movement, art, recreation and music programs for infants, children and teens of all abilities. The goal of our programs is to meet each child at their skill level in the most appropriate environment for that child. The emphasis in all classes is on finding and celebrating children's individual strengths, having fun, and making and sustaining friendships. All of our classes are taught by trained and/or certified instructors and most classes have a student/teacher ratio of 4:1.
