

Products, Toys, and Specialty Items

Abilitations - Abilitation's primary focus is serving the needs of individuals with special needs and learning differences. Our special education, physical therapy and speech therapy product mix focuses on movement, positioning, sensorimotor, exercise, aquatics and play.

Attainment Company - Products that help people with cognitive disabilities succeed at school, work and life.

Autism Aspergers Publishing Company - An independent publisher specializing in books on autism spectrum disorders based on the latest research on autism, Asperger syndrome and other pervasive developmental disorders.

Bright Apple - Special education and basic skills materials from resource rooms to inclusion situations; materials to meet every student's needs.

Childsworld ChildsPlay - Childsworld/Childsplay uses a prevention and intervention model when creating its high-quality products. These programs focus on the behavioral, social and emotional issues children deal with at home and at school. Through the use of games, print materials, and visual media, counselors and educators have a superior array of counseling tools at their disposal. This line of products offers hundreds of items for both play therapy and classroom settings that make a difference in the building of critical skills in young children.

Enable Mart - Focuses on assistive technology products.

Future Horizons - Publisher in the world of autism/Asperger's books, DVDs, and resources.

Laureate Learning Systems - Dedicated to publishing innovative software of the highest quality, specifically designed to improve the lives of children and adults with special needs.

Mayer-Johnson - Easy to use products for people with special learning needs.

Really Good Stuff - Dedicated to providing products and services that help teachers make a difference in children's lives by offering a collection of fun and creative teaching tools. All products are tested in the classroom and reviewed by teacher panels before they ever make it onto the product list.

Research Press - Books and videos in School Counseling, Special Education, Psychology, Counseling and Therapy, Parenting, Death and Dying, and Developmental Disabilities. .

Resources for Reading - Specializing in reading materials and supplies.

Therapeutic Systems - Therapeutic Systems has developed a novel sensory based device for the application of deep pressure. The product can discreetly and effectively apply deep pressure to an individual anytime and anywhere. Developed from 6 years of research at the University of Massachusetts Amherst, the process included a unique team of occupational therapists and engineers. The mission of Therapeutic Systems is to create medical devices for people with autism and mental illnesses through technology and innovation. Therapeutic Systems provides sensible, high impact solutions that improve patient quality of life.
